In order to submit an application, you must certify that your Organization Profile is complete and up-to-date. LOIs and applications cannot be submitted until your Organization Profile is complete and certified. We encourage you to review your Organization Profile regularly and keep contact details up-to-date, leaving fewer steps to complete before an application deadline.

You may complete the tabs in any order. You can save your progress by clicking on the “Save” button. Be sure to save your work frequently.

The Organization Profile uses pop-up boxes to collect some information. Be sure to enable pop-ups in your web browser to ensure you are able to access all sections of the online form.

Please use whole numbers. The system doesn’t accept decimals, symbols, special characters and blank spaces before or after a number. Character limits are indicated for any field that has them.

When you have completed every section and question in the Organization Profile, click the “Check for Errors/Certify” button. If complete, this action will save and certify your Organization Profile. If any information is missing or incomplete, the system will tell you what needs to be corrected/completed.
